PRICE TWO CENTS

"LIZZIE AND KATIE" AND THREE GENIAL TRAVELING SALESMEN FETE MARTIN MOE AND HE'S NOW MINUS FIVE HUNDRED PLUNKS

ONALASKA MAN IS VICTIM OF SHARPS

They "Showed" Him Such a "Good Time" He was Loathe to Suspect Them

"POKER, WOMEN AND WINE"

Then His Friends Wouldn't Listen to Him Taking that Fat Wallet So Far Home

As a result of meeting a genial whiskey agent who took him out "to show him a good time," Martin H. Moe, an Onalaska saloon keeper is out about five hundred dollars and has a "big head" which has been bothering him since last Friday and promises to last for several days to come.

Moe's wallet containing \$300 in cash, and two notes, one for \$150 and another for \$50, is gone, and so are his genial friends who helped him have the good time, also the "whiskey agent."

Thursday a man representing himself as the territory salesman for a reputable liquor house, called on Mr. Moe at his place of business and sold him a large bill of goods. Mr. Moe was familiar with the goods, as he knew the house, and he had also heard of the salesman, so before the liquor agent left the place the saloon man had given an order for a considerable amount of his wares, and the salesman reciprocating for the courtesy shown, had proven himself a good fellow, by buying round after round of drinks, "setting 'em up" to the whole "house."

When the agent finally made his departure, the day was fast spent, but he nevertheless invited the saloonman to join him that evening at Hotel Law for a "good time."

"Ladies" Appear

Whiskey salesmen as a rule, when they sell a large bill of goods, make themselves "good fellows" with their trade, so Moe readily accepted the invitation for a polification that evening. Promptly on the minute fixed he appeared at the hotel, where he met the agent as agreed, and several of his salesman friends. The trio had several rounds of drinks together and all appeared to be jovial good fellows, until the two friends of the whiskey agent excused themselves, saying that they had a "date" to meet two fair young ladies, but they promised to return later.

When his two friends had made their departure, the agent suggested having the next drink sent up to his room, where the two could while away the time until their return by playing a "social game" of cards. Mr. Moe was willing and they went to the agent's room on the second floor of the building.

Here many drinks were ordered and drank, and the agent won almost every hand. Finally after Mr. Moe had lost about fifty dollars he declared he had had enough and was willing to quit. The whiskey agent said he regretted to have to quit the game and take Moe's money without giving him an opportunity to win it back but volunteered to buy another round of refreshments anyway.

Drunkfest Begins
Just as he placed the order for the drinks, the two friends, who Moe had met at the bar room, appeared on the scene with their "lady friends." They were accordingly included in the round, and the poker party was transformed into a "drunkfest" in which Moe gallantly held his own. Cocktails and highballs now came in quick succession, the quintet rapidly beginning to show signs of intoxication.

Moe was the "good fellow" of the crowd and the girls and the three men paid marked attention to him and saw to it that he was "used right" from start to finish. When he finally declared that it was time for him to go, they would not hear of such a thing, the salesman inviting him to get a room at the hotel and remain there all night as his guest.

Invited to Stay
The suggestion of remaining at the hotel in such leasant company, and finishing the party there without having to ride all the way back to Onalaska was quickly appreciated by Moe, and he acquiesced without hesitation.

Accordingly Moe ordered more drinks and the festivities were kept (Continued on page 6.)

INCOME TAX FOOD FOR DEEP THOUGHT

Provisions Show Vast Scope of Measure Being Discussed by the Jobbers

MAKES RICH MAN PONY UP

Ordinary Wage Earner Not Required to Stand Big Burden; 20 Per Cent Is Maximum

"From and after the first day of January, 1910, there shall be assessed, levied, collected and paid annually, a tax at the rate and manner hereinafter prescribed, upon the gains, profits, and income received in the preceding calendar year, by every citizen of this state, whether residing within or without the state, and by every person residing within the state, whether said gains, profits or income shall have been derived from any kind of property, rents, interest, dividends or salaries, or from any profession, trade, employment or vocation carried on in this state or elsewhere, or from any other source whatever."

"A like tax shall be levied, collected and paid in the same manner annually upon the gains, profits and income from all property owned, and of every business, trade or profession carried on in this state by non-residents thereof."

"There shall be exempt from taxation under this act incomes as follows, to wit:

"To single persons, incomes up to and including six hundred dollars;

"To husband and wife, eight hundred dollars;

"For each child under the age of eighteen years, two hundred dollars;

"For each person, other than wife and children, for whose support the taxpayer is legally liable and who is entirely dependent upon the taxpayer for support, two hundred dollars."

"No exemption shall be allowed to corporations, co-partnerships or associations."

Above are a few excerpts from the new income tax law which was proposed at the last session of the legislature, and which the La Crosse Manufacturers' and Jobbers' club will meet next Monday evening to discuss.

ENGLE IS DEPOSED; NEGRO NOW FIRST

ABERDEEN, S. D., Oct. 28.—Calvin Bowdry, colored porter, of Bismarck, N. D., is the royal spade flush at the Cheyenne and Standing Rock gaming table. The disposal of Wm. J. Engle of Butte, Neb., yesterday, from first place in the big land lottery was the big spectacular event of the day. Engle wired Judge Witten, stating that he had filed on a claim six miles from Rosland, Tripp county, S. D., three days ago. He wanted to delinquent it. The judge wired back: "Nothing doing. If you have already used your right, No. 1 must go to Calvin Bowdry, of Bismarck." This moves all numbers up a notch.

SEN. MCCARREN WAS NOT RICH

NEW YORK, Oct. 28.—It was stated this morning by those familiar with the will of the late Senator McCarren, the Brooklyn politician only left an estate of \$50,000, most of which is left to his mother. This is a big surprise to his friends as his wealth has variously been estimated at from two to three hundred thousand dollars. His holdings of stocks, bonds and securities were large but his liabilities were very heavy.

PRESENT REQUEST FOR RY. FRANCHISE

La Crosse Water Power Company Today Applies to City for Interurban Rights

WINONA FAVORS FRANCHISE

Term of Permit Unimportant if Municipality Is Protected, Say Gate Cityites

The La Crosse Water Power company this morning filed notice it would apply to the next meeting of the city council for a fifty year franchise to enter La Crosse with the La Crosse Winona-Sparta Interurban, as heretofore exclusively announced in The Tribune.

The notice was filed with the city clerk and the necessary publication will be accomplished before the franchise is put to a vote of the council. President and General Manager W. J. Ferris does not anticipate any difficulty in having a fair franchise passed, as he says expressions from prominent La Crosse people indicate to him the general sentiment of the city is overwhelmingly in favor of the new road.

Winona Favors It
Last night the Winona Board of Trade and Merchants' and Business Men's club held a meeting and the sentiment of the meeting is indicated in the four column headlines in the Winona Independent this morning announcing the "fifty year franchise is favored."

The meeting discussed the franchise at length and passed a resolution favoring granting the franchise as asked by the company, stipulating only that there must be no discrimination against the city of Winona and that the city shall remain in control of its rights. The resolution passed by the meeting follows:

Winona in Control
Resolved, that it is the sense of this meeting that we are in favor of the construction of an interurban railway line between the cities of Winona and La Crosse via Galeville. And we are in favor of granting a franchise to some reliable company for a term of fifty years for the construction and operation of such a line within a period of two years from the date of the franchise, such franchise to be so drawn that there shall be no discrimination in rates against the city of Winona and that city shall at all times have control of the situation."

Object to Six Years
Many of the business men found fault with the clause in the franchise giving the company six years (Continued on page 6.)

MINERAL POINT BANK SHORTAGE IS \$400,000

WASHINGTON, D. C., Oct. 28.—Officials of the comptrollers office believe the shortage in the First National Bank of Mineral Point, Wis., will be between \$300,000 and \$400,000. Receiver Schofield reports that it will be six weeks or more before he will be able to ascertain the approximate amount on account of the large number of certificates of deposits supposed to be outstanding and which are not on the books of the bank.

ANNA GOULD REFUSED CARE OF CHILDREN

PARIS, Oct. 28.—The Princess de Sagen, formerly Anna Gould, today lost her appeal to the Paris courts for practical custody of her children, whose father was her first husband, Count Boni de Castellane. The court declined to allow the children withdrawn from the Paris schools and placed in private schools in Normandy. The court ordered that the costs of the litigation be divided between Count Boni and his former wife.

MEMORIAL TO THE LATE W. W. CARGILL

At a meeting of the board of directors of the La Crosse City Railway company, called and held at the office of the company on this, the twenty-fifth day of October, 1909, the following memorial upon the death of Vice President W. W. Cargill, and the appended resolution were unanimously adopted:

Mr. Cargill was vice president of this company from the date of its organization to the time of his decease. He always evinced an especial interest in the affairs of the company, believing and arguing that its success and successful operation, and the extension of its lines and business made it more and more an important factor in the growth of the city, to the welfare of which he constantly devoted time and labor, aiding with his means and counsel, so far as he might, every enterprise which seemed to tend toward the betterment of the city of La Crosse. He believed the street railway a help and benefit to the people of the city and argued that the better the affairs of the railway company were conducted the greater the benefit to the people, and that reciprocally, the greater the growth and improvement of the city and the prosperity of the people, the better it must be for the company. He made it a point to always be present at meetings of the stockholders and directors, and untiringly aided with his best thought and wonderful foresight the advancement of the interests of the company, and in his death we, the directors and officers, feel that we have met with an irreparable loss.

It is hard to realize that he has gone, and the conduct of the business of this company, without the counsel and assistance which he has so long and so ably given, is made doubly difficult as we know that we can lean upon him no longer.

Be it resolved, that we extend our heartfelt sympathy to his wife and family in this, their hour of bereavement.

And resolved, that the foregoing memorial and resolution be and are ordered spread upon the records of the company, and that a copy be furnished to the press of the city, and a copy sent to the family.

REDS WIN BANGOR HUNT FROM BLUES

Frank Gessler's Side Pays Banquet Expense for Opponents in a Novel Test

BANGOR, Wis., Oct. 28.—(Special.)—Tonight the "Blues" under the leadership of Editor Frank B. Gessler of the Bangor Independent, pay the expense of a game dinner at the Elsen house for the "Reds," their successful rivals in a novel hunting contest pulled off yesterday. G. C. Groezinger captured the losing side.

The hunters organized in parties of thirty each and made the following scores:

"Reds"—Killed 56 rabbits, 5 partridges, 11 squirrels; total points, 740.

"Blues"—Killed 29 rabbits, partridges, 22 squirrels; total points, 525.

FAMOUS PARIS CROOK IS A FASHION LEADER

PARIS, Oct. 28.—The famous chimney climber, one of the most celebrated crooks of all Europe, today astounded the Paris police officials by requesting that his tailor be allowed to visit him in jail that he might secure a stylish outfit of clothing. The tailor, by the way, is one of the best in Paris. The chimney climber, or "Starck," as he calls himself is awaiting trial on a charge of robbing several hotels by climbing down large, old-fashioned chimneys. He calmly confesses that he has stolen about a million dollars worth of jewelry in the past few years.

Louise Woods, the clever, charming actress appearing in Belasco's latest success, "Is Matrimony a Failure," has won a warm place in the hearts of New York theater goers. Miss Woods, unlike many of her contemporaries, is a thorough student. She speaks French, fluently and gets much pleasure out of her devotion to music.

STOLE COW TO GET MONEY FOR WEDDING

William Miller was Engaged to Be Married to Miss Alma Will Next Week

Urged to crime by his love of a girl to whom he was engaged to be married early next week, William Miller, a farm hand in the town of Greenfield, stole a cow belonging to Peter Egler, and drove it all the way to La Crosse, where it was sold to complete the sum of \$150, which it is said the girl required him to have before she would consent to marry him.

The date for the wedding was fixed, the bride's trousseau was ready and her father's consent had been secured. Miller had purchased his wedding suit and elaborate preparations were under way for the country wedding. Now all has been declared off.

Miller, instead of being married, has gone to the state penitentiary, where he will remain for a year. Miller's \$150 has been used to pay up some obligations, which Chief of Police John B. Webber reminded him of before he went to prison. Miss Alma Will, his fiancée, has packed away her trousseau for another year, and the wedding preparations have been abruptly brought to an end. The young woman is prostrated by the shock which tidings of her lover's downfall occasioned.

Before going to prison Miller confessed to stealing another cow from James Burfield of La Crescent, and several other thefts, together with a swindling scheme last year by which he defrauded almost all of the butchers in La Crosse. He made good all of his speculations, and when he left with the sheriff today, he still had several dollars to his credit.

GRAND JURY MAY ADJOURN TOMORROW

All of the revenue cases before the grand jury now in session at the federal building have been completed and the grand jury cases will be finished tomorrow, unless some unforeseen obstacle should prevent the speedy succession of the indictments.

There is talk today among the officials of adjourning the grand jury tomorrow evening and presenting the indictments already made to the court, who will be here at that time. In case adjournment is taken it will be until the ninth of November. This extension of time, will allow the state bank examiner and treasury department sufficient time to investigate the condition of the wrecked Mineral Point bank and determine the exact defalcations of Phillip Allen, the cashier now under arrest.

CHICAGO, Oct. 28.—The congressmen and senators accompanying President Taft on his trip down the Mississippi have told Speaker Cannon

CANNON GOING OUT

At the dinner on board the Quincy last night the president and Speaker Cannon discussed waterway improvements, the president favoring bonds and the speaker declared that he would not vote for any improvement project other than by continuing contract, the work being paid as it progresses.

The speaker said if congress voted bonds in response to all demands made for money a debt equal to the Civil War debt would soon be saddled on the country.

"I am going out of congress some day," he said rather sadly. "No, no, we don't believe it," shouted some of the congressmen.

"Oh, yes I am," said Uncle Joe, "and when I do there will be plenty left for you boys and business will be going on at the old stand."

WIFE SHOTS HIM IN CELL IN JAIL

CHICAGO, Oct. 28.—Abraham Levy, 35, was shot down and fatally wounded in a cell in the Harrison street police station at noon today. Levy had been arrested on complaint of his wife, who charged that he had deserted her and four children, and was about to elope with another woman.

Just before noon the woman asked to speak to her husband. She was taken to his cell and before the police could interfere she whipped out a revolver and fired a bullet into his abdomen.

GARY DENIES IT

NEW YORK, Oct. 28.—E. H. Gary, chairman of the board of directors of the United States Steel corporation, today denied the report from Chicago that the corporation has taken over control of the John R. Walsh Indiana railroad properties.

"So far as the United States Steel corporation is concerned," said Mr. Gary, "there is absolutely no truth in the story. As to whether any one else has secured the roads, I have no idea."

of appeals handed down a decision denying the government's petition for his immediate commitment to the custody of the United States marshal for commitment to the penitentiary.

The decision rules, however, that while Walsh will be allowed his personal liberty the government will be permitted to keep Walsh under constant surveillance.

His Financial Victory

John R. Walsh's financial triumph comes after years when he faced complete ruin. According to reports current in La Salle Street today—reports that are very generally credited—the United States Steel Corporation has practically agreed to buy the Walsh railroads—the Chicago Southern and the Southern Indiana—at a price between \$25,000,000 and \$27,000,000. Through J. P. Morgan and company, the trust is reported to have paid Walsh today \$100,000 in return for an option on the roads. This statement is made on the authority of a director of the Chicago, Milwaukee and Gary railroad, a steel trust line which it is planned to merge with all the Walsh roads into one system.

It developed today that Walsh has been "dickering" for two years with (Continued on Page 6)

BARRY TO WITNESS MINNESOTA BATTLE

Stagg and Williams Forced to Use Best Plays, and Badger Coach will Take Notice

MADISON, Wis., Oct. 28.—Foxy kid, this young Tom Barry who is coaching the Wisconsin football team. He glows, for he has Coaches Stagg and Williams where they must open up their hearts to him and demonstrate before his eyes the best plays they have been able to invent. Barry and a bunch of Badgers will be on the job at the Minnesota-Chicago game next Saturday as strong as the board of trade. If the entire team of regulars could be spared from the Northwestern game they would be taken to Minneapolis, but it is thought that it would not be ladylike to send a scrub aggregation down to Evanston to romp with the gentlemanly Methodists.

The Badgers are not one whit who knows that they have sat through the big battle on the Northern field. Stagg himself is said to have sat through the Wisconsin-Indiana game accompanied by Walter Steffen. Then, too, 'tis said, Sig Harris, assistant in the Gopher camp, was at Camp Randall with never a sign of a blindfold, and even our brethren from Northwestern had a delegation of two at our campmeeting. And so Wisconsin bruits it to the world that every man who can be spared from the carrom set at Evanston will be excused up to Minneapolis to get pointers on the struggle between Minnesota and Chicago.

Both Stagg and Williams will be put to the utmost test, and every best tidbit of football conceived by these two veterans of the western gridiron will be put upon display. Nothing will be held back and Wisconsin will get the benefit of it all.

BADGER BALL TEAM ARRIVES AT SEATTLE

MADISON, Wis., Oct. 28.—Dr. Chas. McCarthy, idol of the Wisconsin students, may witness the Chicago-Minnesota game at Minneapolis next Saturday. A wireless telegram was received by his wife this afternoon in which he stated that he would arrive at Seattle either tonight or tomorrow morning. He said he would be able to get to Minneapolis in time for the game if favorable connections could be made.

The report of the telegram traveled through the Latin quarter like fire, and every student hopes that the popular coach will be able to get to the game. If he does it is certain that every Minnesota and Chicago formation used in the game will be known to the Badgers.

With Dr. McCarthy are the members of the Varsity baseball team, including Rogers, Messmer and Muckleston, stars on last year's football team. They will accompany McCarthy on the trip to Minneapolis.

EAU CLAIRE PLAYERS OUT; BREAK TRAINING

EAU CLAIRE, Wis., Oct. 28.—The Eau Claire football team has been weakened considerably by the disqualification of four of its star players on account of breaking training rules. This leaves the team in bad shape for the game on Friday, when it plays the Grand Rapids High school team for the championship of western Wisconsin. Thus far the local team has not been scored upon, and games will be played with Oshkosh, La Crosse, Chippewa Falls, Stanley and Merrill. The student body is thoroughly aroused at the disqualification of four of the players and intend to take immediate steps toward their reinstatement on the team.

The local high school team is scheduled to meet the Eau Claire eleven at that city Saturday after next and the disqualification of four of their star players make La Crosse's chances of victory seem brighter. Eau Claire a few weeks ago defeated the Tomah Indians 22 to 0, while the local school was barely able to roll up a score of 15 to 0.

PENN PREPARING FOR THE INDIANS

PHILADELPHIA, Pa., Oct. 28.—The Pennsylvania squad vent to the country today for two days of the same life, before tackling the Carlisle Indians. Had the Indians not suffered an unexpected defeat by the University of Pittsburgh last Saturday there would today be a big scare in the red and blue camp, as the team has not shown appreciable development this week and a rather ragged article of football is expected on Saturday.

Two positions on the team have been definitely settled in the last two days, quarterback and right end. Captain Miller has gone back to the quarterback position which he filled so capably last season and is believed to have permanently displaced Thayer. Marks, last year's center, is slated for the right extreme and great things are expected of him.

The team will be without the services of Tackle Fretz and Fullback Hutchinson Saturday. Both could play if necessary but Trainer Murphy wants to give them a few days rest from injuries.

THE MAROONS LEAVE FOR MINNEAPOLIS

CHICAGO, Oct. 28.—Maroon football players under the leadership of Coach Stagg will leave tonight for Minneapolis to play Minnesota next Saturday in the severest game of the season for the Chicagoans.

Before practice on Wednesday at Marshall field it seemed a useless thing to send the Maroons that long distance, inasmuch as Coach Stagg practically conceded victory by the Gophers, 18 to 0, unless the eleven braced. However, when the "grand old man" talked pessimistically to the university correspondents he had just concluded the supervision of practice that did not suit him and in which a substitute back field worked.

Those who understand the coach readily accepted the pessimism as the usual thing. They also understood that the real decision of Coach Stagg would be given after Wednesday's and Thursday's practice. Five regulars so far are all Stagg is certain he will have in his lineup on Saturday: Capt. Page at quarter, Crawley at right half, Worthwine at fullback, Badenoch at center and Kassulker at left end.

LAST OF THE OLD COMMAND

The passing of General Oliver Otis
Howard marks an epoch in American
history. He was the last, and not the
least, of the union commanders in
the civil war.True greatness needs no herald
and asks no favor. It answers the
call and bids its time.The army of the 60's was great in
numbers but its real greatness con-
sisted in the quality of its soldiers.
The world may have seen as great,
or greater, single warriors. We have
no standard by which to measure our
Grant and Sherman and Howard
against Caesar, Alexander or Napo-
leon. These latter were military
geniuses who led their hosts of trained
soldiers; the heroes of the civil
war led thousands on thousands of
voluntary heroes but they were for
the most part youths who had never
learned the marching step or how to
point a gun.But those soldiers were kings
whose crowns were deeds; generals
whose command resided in charac-
ter.It is related of a certain one who
rejoiced in the distinction of "ma-
jor," that a man of the ranks who
had a grievance appealed to his su-
perior "as a man." "Man!" exclaim-
ed he indignantly, "I am not a man,
I'm a major!"General Howard was a man—first
a man—then a soldier. He was al-
ready serving his country as a pro-
fessor of mathematics (1857-61) at
West Point when he heard the call
to more active and dangerous ser-
vice "My country needs me," he
said, and he led a company as col-
onel of the Third Maine volunteers.The first battle of Bull Run found
him leading a brigade and he was
made brigadier general. At Fair Oaks
he was twice wounded in his right
arm and it became necessary to am-
putate it. But the next month he was
ready for action and with his vig-
orous left he shared command at
Antietam and Fredericksburg, Get-
tysburg and Chattanooga. Then he
was in command of the army of Ten-
nessee with Sherman in his march
to the sea. He was actively en-
gaged in twenty important battles.The soldier experience of General
Howard included, in his later years,four campaigns against Indians, in-
cluding the expedition against Prince
Nez in 1877.In 1894 he was retired with the
rank of major general and 1908 the
senate placed him on the retired list
as lieutenant general with a vote of
thanks for his distinguished service.But great as were Howard's war
contributions to his country, his
work as a private citizen was great-
er.There are few better known fig-
ures on the platform of Christian
assemblies, peace conferences, Y. M.
C. A.'s and indeed everything looking
toward a better and freer manhood,
than this rugged, one-armed, veteran
soldier.General Howard loved liberty so
well that he was ever ready to give
life for it but liberty with him had
no semblance of license in it.General Howard was a Christian
gentleman. To meet him was to
feel the impulse of a man. There was
not a shadow of sham or a hair's
breadth of hypocrisy in all his make-
up. The courage of conviction
means more than the daring of the
soldier and this was a conspicuous
trait in the general.General Howard was as devout
and simple in a prayer meeting as he
was brave and bold in battle. He ab-
horred all forms of vice and was a
thoroughly temperate man. To Grant,
Sherman said: "In General Howard
throughout I found a polished and
Christian gentleman exhibiting the
highest and most chivalrous traits of
the soldier." He was strong, vigor-
ous, forceful. One could imagine him
in a holy passion but could not think
of an oath falling from his lips.General Howard was a scholar and
an author. Four different schools felt
themselves honored in conferring
upon him the degree of L. L. D.; and
the French government in 1884
made him Chevalier of Honor.His work continued to the last. The
Christian Endeavor World for this
week contains an article from his
pen on "General Grant as I Knew
him," with an announcement of
others to follow. Last week he lec-
tured in Canada on Abraham Lin-
coln. On Sunday he spoke at London,
Ont. On Monday he was in his usual
health. On Tuesday he was stricken
with heart failure and passed sud-
denly away.Such are the men that account for
America's greatness. In his last ar-
ticle referred to above General
Howard said "I do not like war and
he (Grant) did not. We may well
treasure one of his latest injunctions,
namely: 'Let us have peace.'"With the death of this noble
man another chapter of American
history closes. The last of a noble
galaxy has gone. Lincoln, Grant,
Sherman, Sheridan, Logan, Howard.
There yet remains some thousands of
the men who filled the ranks of the
army and who gave the flower and
strength of their youth to the coun-
try's cause. These, too, are fast fol-
lowing the great majority.May the union for which they
fought be cemented in an eternal
bond of peace and brotherhood.Percy Pickle—Aw—I thought I
heard you tell Miss Wose that you
were never kissed by a man?

Miss Tabasco—So I did.

Percy Pickle—But—aw—pawdon

HOUSEHOLD ECONOMY

How to Save \$2 on Cough Medi-
cine by Making it at HomeCough medicines, as a rule, are
mostly syrup. To make the best syrup,
take a pint of Granulated Sugar, add
½ pint warm water, and stir about 2
minutes.Get two and one-half ounces of
Pinex (50 cents worth), put it in a
clean pint bottle, and fill up with the
Granulated Sugar Syrup. This makes
a full pint of unequalled cough syr-
up, for about 54 cents. Keeps per-
fectly. You couldn't buy as much
ready made cough syrup for \$2.50.This home made remedy is pleas-
ant to take, and usually stops even
the most obstinate cough in twenty-
four hours. It is splendid, also, for
colds, whooping cough, bronchial ail-
ments, etc. Take a teaspoonful every
one, two or three hours.The Sugar Syrup is an excellent
sedative. The Pinex is the most val-
uable concentrated compound of Nor-
way White Pine Extract, rich in all
the healing elements of Norwegian
pine. Be sure to use the real Pinex
itself. Your druggist has it or can
easily get it for you.Strained honey can be used instead
of the syrup, and makes a very fine
honey and pine tar cough syrup.HOME CURE FOR
CATARRH SUFFERERSA Simple Remedy That Gives Relief
From a Common Ailment.
(From the Guttenberg Press.)While there are a great many peo-
ple who suffer from catarrh of the
nose and throat all the time, this
common ailment is more prevalent
in Fall and Winter than at any other
season of the year. Catarrh is an
inflammation of the delicate mem-
branes and is brought on by sudden
changes in the weather, breathing
very cold air or dust, getting the feet
wet, etc.Prof. Von Sternberg, a German
specialist who has had unusual suc-
cess in the treatment of nasal and
throat diseases, recommends a solu-
tion of water and vintox. Get from
your druggist an original package
(2 ounces) of vintox and dissolve it
in a pint of water. This should be
snuffed up the nose once or twice
daily when suffering from "cold in
the head," or from chronic catarrh.
When the throat or larynx is affected
it should be used as a gargle. Vintox
soothes and heals the inflammation
and clears the passages.Jared Y. Sanders, Gov. of Louisiana,
Out for Good RoadsBaton Rouge.—Good roads for
Louisiana is the cry of Gov. Jared Y.
Sanders. This summer he has re-
nounced his vacation and during the
hot months, while most governors
were resting on their oars, he has
traveled through Louisiana towns
and rural districts to urge the neces-
sity for good roads and advise means
by which they may be realized.Is an address delivered early this
summer before a good roads conven-
tion called by himself, he outlined
his policy."Our ultimate aim is to connect
every county seat in the state with
every other county seat by a macad-
am road. The national government
should construct national roads, con-
necting every state capital. The state
should construct state roads, con-
necting every county seat with every
other county seat. And every county
should construct all necessary county
roads. Thus, by dividing the burden
of road building and road mainte-
nance between nation, state and county,
in a short time we could have per-
manent highways from ocean to
ocean and from Canada to the gulf,
which would save the people of the
union hundreds of millions of dol-
lars.Governor Sanders' plans for ob-
taining good roads in Louisiana
adopted by the convention, are,
briefly, these:1. The routes of proposed roads
are to be selected and surveyed and
their levels established by the state
board of engineers.2. The work of construction shall
be under the supervision of experts
to be furnished by the United States
bureau of good roads.3. The building of the roads shall
be done by laborers from the state
penitentiary, the cost of their main-
tenance to be borne by the parishes
in which the work is being done.On these conditions, it was ar-
ranged by the convention to begin at
once the construction of two model
roads, one on each side of the Mis-
sissippi river, from Baton Rouge to
New Orleans. Each of these roads
will cover a distance of 90 miles.
They will run through eight rich ag-
ricultural parishes and several pro-
gressive municipalities.The governor announced that the
state has under consideration the
disposal of all of its convict farms,
except one, in order to be able to
place the entire convict force of the
state at work on model road con-
struction throughout the whole state.

More Protection Desired

A Cleveland minister, frequently
called out of the city, had always ar-
ranged for some one to stay with his
wife and little girl during his ab-
sence. Recently, however, he was
called away so suddenly that he had
no opportunity to provide a guard-
ian.The wife was very brave during
the early evening, but after dark
had fallen her courage began to fail.
She stayed up with her little girl till
there was no excuse for staying
longer and then took her upstairs to
bed."Now go to sleep, dearie," she
said. "Don't be afraid. God will pro-
tect you.""Yes, mother," answered the little
girl, "that'll be all right tonight, but
next time let's make better arrange-
ments."—Cleveland Press.

Pa's Home Regalia

Bobbie, along with his mother,
was watching a Masonic ceremony in
which his father had a leading role."Oh, ma," giggled Bobbie, "see

you make him put on when he helps
you wash the dishes?"Then "everybody" laughed but
father.—Judge.

Fearfully and Wonderfully Made

The manager of a department store
received the following order from
one of his out-of-town customers,
who wanted a bonnet:"Mazure of head from ear to ear
over top of head 12 inches; from ear
to ear under my chin, 9½ inches. I
want a black lace bonnet with
streamers and rosetts of red or yal-
low satting ribbon and would like
a bunch of pink Rozes or a blue
plume with a black jet buckle. If
artifishels air still the stile I want
a bunch of grapes or a bird's tale
somewhere. I do not want anything
too fanny but if you think a reath of
pansies would look good why put it
on. I have some good pink ribbon
hear at home so you need not put on
strings."—Lippincott's.

The Optimist

turned resignedly. "I ain't got no

Fixed Up By Willie

Secretary Robert D. Argue of the
board of education tells this story:"A teacher in the primary grade of
a Newark school was instructing her
class in the composition of sentences.
After a talk of several minutes, she
wrote two sentences on the black-
board, one grammatically wrong, the
other a misstatement of facts. The
sentences were: 'Then hen has
three legs. Who done it?'"Willie," she said, 'go to the
blackboard and show where the fault
lies in these two sentences.'"Willie did so. To her astonish-
ment, he wrote: 'The hen never
done it; God done it.'—Newark Star.

SPOTLIGHTS

"LITTLE JOHNNY JONES."

When "Little Johnny Jones," is
seen at the La Crosse Theater Fri-
day, Oct. 29 the theater-goers of this
city will have an opportunity of wit-
nessing what last season proved the
biggest musical hit of the entire year.
Last season was a notable one in the
theatrical world for the production
of new musical plays, at least four
pretentious productions having been
made by producing managers during
the season. None of them, however,
reached such a phenomenal degree
of success as "Little Johnny Jones,"
which proudly boasts of a record of
almost an entire season in New York
city, several weeks in Boston, four
weeks in Philadelphia, and over three
months in Chicago. It was not wit-
nessed outside of the very largest cit-
ies, but by the strenuous efforts on
the part of our local manager, he
has succeeded in securing this tre-
sured production in this city."Little Johnny Jones" is claimed to
be the most original musical play
that has been presented for many
seasons, inasmuch as it has a plot
and a dramatic story which at times
is almost sensational.

COMMENCEMENT DAYS

With the original cast and pro-
duction and all the accessories that
have contributed to its distinct suc-
cess, "Commencement Days" comes
to the La Crosse Theater on Saturday
matinee and night, Oct. 30.This play of college life has been
acclaimed as the best of new offerings
made to the stage this season. In
fact there seems to be no note of
dissent to the general verdict. True
to the life it portrays, clean whole-
some and interesting, with just the
proper flavor of seriousness to the
humorous spirit that principally pre-
vails, "Commencement Days" and its
authors, Virginia Frame and Mar-
garet Mayo, appear to have reaped
just deserts in its striking success.
The presentation is made by John
Cort, with the stage under the able
direction of Max Pigman, and a com-
pany of seventy headed by Frederick
V. Bowers, the celebrated singer,
dancer, comedian and song writer.

Ten Doctors Said He Would Die

"In 1903 we wrote you regarding my husband, who was suffering from heart trouble. He was superannuated by the North Georgian Conference. Ten doctors at different times said he would die. You advised Dr. Miles' Heart Remedy and Restorative Nervine; we did as advised, and improvement was apparent from the very first. He recovered and the Conference in 1904 gave him a charge. He never felt better, although he has very heavy work and does a great deal of camp meeting work. I am so glad we took your advice and gave him the medicine, and feel that I ought to let you know of the wonderful good results from its use."

DIES ON TICK AS FRIENDS LEFT HIM

John Neumann's Body Is
Found This Morning
where Cronies Put
Him to Bed

DIES SUDDENLY OF APOPLEXY

Old Shoemaker Falls From
Chair, Is Lifted to a
Cot and Dies in
Night

Left on a bed tick on the floor by August Meyer, 820 Kane street, and Charles Koehler, who lived upstairs, John Neumann, 67, 728 Kane street, was found dead by Koehler this morning, after a serious sick spell last night following a chat with his cronies. Coroner Leonard Kleber investigated today and decided it was a clear case of apoplexy and that an inquest was unnecessary.

Neumann is an old resident of the North side. For years he sold wood on the market. He lived alone on the rentals of three houses he owns on Kane street and was a shoemaker by trade.

Last spring he suffered a stroke of apoplexy and since that time has been subject to sick spells when he could not talk.

Last night Meyer and Koehler visited with the old man and he complained of being ill. He sat in a rocking chair and when he tried to rise he fell onto his face, knocking the rocking chair through some window sashes which were placed against the wall. His visitors, almost as old as himself were unable to lift him to his bed, so the tick was placed on the floor and the sick man was rolled onto it. He appeared quite ill, vomiting and making an ineffectual effort to say something, but his tongue seemed thick and he could only mumble. Doing what they could to relieve him, Meyer and Koehler left for their homes, Koehler going upstairs in the same house to his bed. As Neumann had had several such spells since his stroke last spring, they did not consider his condition serious.

Early this morning, however, Mr. Koehler arose and went downstairs to see how the sick man was getting along, and found him dead, just where they had left him.

Dr. Luck was called and pronounced it a case of apoplexy. Dyer brothers will have charge of the funeral arrangements, which will be completed as soon as his only daughter, who resides in Dakota, Minn., is heard from. His daughter was formerly Mrs. Clarence Sutherland of this city. It will be remembered that a few years ago while her husband and son were trying to go under the Burlington bridge over La Crosse river during the spring rise, their boat was swamped and both were drowned. The boy's body was recovered, but the body of Sutherland never was found. Mrs. Sutherland later remarried a Dakota man.

POPULAR COUPLE WEDDED LAST NIGHT

Miss Julia Wright, 717 Avon street, and Charles Mayo, Minneapolis, were united in marriage at 8 o'clock last evening at the home of A. Cary, 823 Caledonia street. The ceremony was performed in the presence of the families of the contracting parties by Rev. A. V. Ingham of the Caledonia Street M. E. church. A light wedding supper was served.

Mr. and Mrs. Mayo left last night for Milwaukee, where they will spend their honeymoon. Upon their return to this city they will make their home temporarily at 717 Avon street.

DR. T. H. M'GOVERN DRAWS GOOD LAND

Dr. T. H. McGovern, 811 Rose street, the popular north side dentist, received word last evening that he had drawn No. 349 in the Cheyenne and Standing Rock reservation land drawing. This will entitle him to a good selection of land. People returning from Aberdeen state that any person drawing before 1500 is certain to secure valuable land.

THE "Q" ANNOUNCES SCHEDULE CHANGE

A change of time which will affect two of the local Burlington trains, effective Sunday, has been officially announced at the local offices today.

No. 53, which leaves Grand Crossing at 8:40 o'clock in the morning, will leave there at 9:05 o'clock after Sunday.

Train No. 51, the north coast limited, which arrives at 5:45 in the afternoon, will leave here at 6:35 after Sunday. These are the only two changes which affect the local traffic.

RACE SUICIDE NOT POPULAR

In Midland, Tex., Where Mrs. Gardenhire Found That Cardui, the Woman's Tonic, Prevented Suffering.

Midland, Tex.—Mrs. Willie Gardenhire of this place writes: "I have had five children, but with the last I found that Cardui, the woman's tonic, prevented much pain and suffering."

"I think Cardui a God-send, as a medicine for weak women, and I will always praise it to every suffering woman, for I know it is good."

"I wish every sick lady would give Cardui a fair trial."

If every sick lady would only do so, womanly troubles would not be so prevalent as they are, for the curative value of Cardui, in such cases, has been amply proven by its success during the last half century.

The principal ingredients of Cardui have to be imported direct from Europe by the manufacturers, not being for sale in this country, and the finished medicine itself is a scientific remedy of real merit which is "different" from any other medicine prescribed or recommended for women's use.

Do not accept substitutes for Cardui, as no other medicine has its peculiar, curative, tonic, strengthening power.

The genuine is sold at every drug store. Try it today.

ROAD OFFERS A BONUS FOR LAND

Milwaukee Seeks to Put Up Roundhouse and Build Yards on the Reservation

People returning from Aberdeen, S. D., bring with them reports that the Milwaukee Railway company has offered the holder of the first number drawn in the Cheyenne and Standing Rock Reservation lands, \$6,000 for his section.

It is understood that the railroad wants the land for the purpose of building yards and a round house. McIntosh, the division point of the road, it is understood, is not on the reservation and it is the intention of the company to secure the best possible location for their yards and round house. They have a good round house at McIntosh, but it is thought that it will be only a temporary building.

Another report is that the road has offered to select the first claim for the person having the initial choice thus assuring him a first class selection and one of which the road would intend to make a city site. This would eventually mean thousands of dollars to the holder of the first ticket in the lottery.

The Milwaukee company has always wanted a site on the reservation for the location of a yard and a round house and now that the land has been opened by the government, it is understood that the road will secure a good section.

RUSSIA HELPS JAPAN TO FIND ITS SLAYER

TOKIO, Oct. 28.—Nine Koreans arrested by the Russian police in the general dragnet of Harbin that followed the assassination of Prince Ito will be turned over to the Japanese authorities as suspected accomplices of the slayer. The Russian police have been ordered by St. Petersburg to turn over all suspects to Japan.

The Japanese authorities here and in Korea believe that the assassination was the result of the machinations of a widely organized Korean clan and that the leaders must be brought to justice to prevent similar killings.

W. S. CARGILL IS CAR DIRECTOR

W. S. Cargill has been elected to the board of directors of the La Crosse City Railway company to succeed his father, the late W. W. Cargill. Mr. Cargill was elected on Oct. 25th, at a meeting of the company and will fill the place in the management of the company's affairs formerly held by the elder Mr. Cargill.

Reward Offered for Finding Winters, who Escaped From Brother at Grand Crossing

One hundred dollars reward offered by W. H. Winters of Pittsburg for the capture of his insane brother who was taking from North Dakota to his eastern home, will be turned over to the police who late yesterday caught the man sitting upon the

bank of black river above the new north side park. He had had nothing to eat for twenty-four hours since his escape and was very hungry. Otherwise he was none the worse for his experience.

**GENERAL BOOTH
 IS GOING BLIND**

LONDON, Oct. 28.—General Wil-
 liam Booth, the remarkable octogen-
 arian, commander-in-chief of the Sal-
 vation Army, has all London shocked
 and sympathy today following his
 platform last night that he is rapidly
 going blind. The veteran church-
 man explained that when the unfor-
 tunate light fails "he will continue
 to supervise the work of the Salva-
 tion Army all over the world," de-
 spite his infirmity.
 Gen. Booth's speech last night at
 Clapton was his first public appear-
 ance since the illness, which pre-
 vented his proposed American trip this
 fall and kept him confined to his
 room for weeks. He took it upon
 himself to apologize for his tempo-
 rary enforced vacation and in doing
 so said that despite an operation
 which the surgeon had performed he
 has already lost the sight of one
 eye entirely and that the other is
 rapidly failing.
 The aged missionary took great
 pleasure, however, in telling his au-
 dience that his doctors believe that
 he will live 10 or 15 years more to
 carry on the work to which he has
 devoted his life.

 Play, "Up and Down
 Broadway"

La Crosse society people spent the
 major portion of today priming them-
 selves for what promises to be the
 event of the year, socially, the pro-
 duction at the La Crosse theater to-
 night of the musical comedy success
 "Up and Down Broadway" which is
 to be given for the benefit of the
 Home of the Friendless.

With every part, large or small,
 taken by a local person interest in
 the event is intense and with sev-
 enty-five of the prettiest society girls,

twenty-five young men from leading
 families and soloists of note partici-
 pating, the affair promises to liter-
 ally take the town by storm.

For the past thirteen days Mr. Don-
 ald MacDonald, under whose direc-
 tion the piece is to be produced, has
 been working hard "whipping" the
 amateurs into shape and under his
 able direction they have completely
 lost the confusion of the amateur and
 in its place acquired ease and grace
 —the marked of three true profes-
 sional.

From the standpoint of the mat-
 inee patron the play will be a suc-
 cess. Spiced with the song hits from
 leading comic opera and backed by
 the cream of good looking young wo-
 men it is all that could be asked for.

To Prof. Urquhart Cawley, B. A.,
 organist at the Christ Episcopal
 church, much of the success of the
 piece will be due for it was through
 his untiring work that many of the
 more difficult musical parts were
 worked out. Miss MacLindon, the
 pianist, is also responsible for no
 small share of the piece's success.

The Home of the Friendless will
 realize a tidy sum from the produc-
 tion as the entire house has been
 practically sold out. The rush for
 seats has been the greatest since the
 production of "Ben Hur" last winter,
 according to the theater authorities.

**SEVEN ARE DAILY
 CONDEMNED TO DIE**

ST. PETERSBURG, Oct. 28.—One
 thousand and thirty-eight persons
 were condemned to death throughout
 European Russia during the first
 nine months of the present year and
 447 of them were executed, according
 to official figures made public today.
 Were the condemnations only those
 of ordinary criminals, the large num-
 ber would suggest no more than a
 condition of extraordinary lawless-
 ness through out the czar's domain.
 The fact is that capital punishment
 is never inflicted in Russia by the
 civil courts and that even the most
 brutal murderers escape with terms
 in Siberia.

The 447 persons who suffered
 death between January 1 and Sep-
 tember 30 were therefore political
 offenders who were tried before mili-
 tary instead of civil tribunals for the
 express purpose of making their ex-
 ecution possible. Unofficial but ab-

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. PARTY LEADERS TO DROP OUT CANNON

(Continued from page 1.)

Ark., today. The dispatch says in part: "It is believed that for the first time in his congressional career he (Cannon) has been told by some of his intimate coterie of Washington satellites that he must step down and out of the whole shooting match will go to pot."

"Last night there was a conference in the captain's cabin of the Quincy. In the conference which has been excused as a session of the nation's most popular indoor pastime, were eleven gentlemen who do things at Washington. Speaker Cannon, Senator Lorimer, Senator Warner, Congressman Calderhead, Senator Bradley, Senator Curtis and Congressman Rodenberg were present."

"Uncle Joe" was informed as kindly as possible, according to the reports which have leaked from the captain's cabin, that he has gone under water for the second time and that President Taft and he alone can save him. Every other plan of saving the speaker was discussed and abandoned but the last straw to appeal to Taft to say something for Cannon just as he did for Aldrich at Winona.

"It is pretty generally believed on the Quincy that a deputation went directly to President Taft and pleaded with him to say in a public address on the down river trip that Uncle Joe is a gentleman who ought to command the respect of the republican party and of the nation generally."

"Insurgent congressmen who talked with the president while he was in the west on his outward bound trip, are just as confident that the president cannot and will not make any sort of defense of Speaker Cannon, much less say publicly as much in a friendly way of Uncle Joe as he did at Winona for Senator Aldrich."

The dispatch states that in December a committee of strong republican congressmen representing New England, the middle west and the Pacific coast will call on the speaker and formally request him to announce that he will retire from politics.

MARRIED MANY TO ROB AND KILL THEM

Gebhardt's Old Sing Sing Record and Other Revelations Shows He Made It a Business

ISLIP, L. I., Oct. 28.—Coroner Savage is giving Frederick Gebhardt, alias Otto Mueller a real "third degree" examination today endeavoring to have him clear up his early life and explain what he meant when he declared to the coroner last night that he had killed other women besides Anna Luther and wanted to "make a clean breast of all."

In the opinion of the coroner, the prisoner is a member of an international band who make a practice of marrying women for a consideration, robbing and deserting them. The band, according to the coroner, found most of its victims among the immigrants and servant girls who save their wages, only to lose them when they try to exchange them for a husband and a home.

Mueller professed to be greatly surprised when informed the authorities had learned of his arrest and sentence on May 11, 1896 to Sing Sing prison for robbery and perjury. The robbery consisted of stealing \$240 from Lena Wessner of Brooklyn whom he had promised to marry. It was through a comparison of his Bertillon records after his arrest last Monday with those on record at police headquarters in New York that his identity was established.

The similarity between the Wessner and the Luther women's cases lead it to be found that Gebhardt has had many victims. He would get the money before the marriage ceremony and after the ceremony was performed would put the victim out of the way if she proved troublesome.

the steel trust and forcing them to raise their offer for his roads by getting bids from the Pennsylvania and Canadian Pacific line as well. The whole deal has been kept a secret.

His Liberty Assured
The ruling of the court is regarded here as a distinct victory for the aged banker inasmuch as it assures him of his liberty until such time as the supreme court of the United States can pass on a writ of certiorari which Walsh's attorney proposes to take.

The government's petition for the ruling urged that the knowledge that his petition for a new trial had been denied was a strong motive for Walsh to flee the country. The ruling as handed down by the appellate court today, Judges Grosscup, Baker and Seaman sitting, was brief. It said:

"Nothing is brought to our attention in the petition that shows any greater likelihood that the plaintiff in error will not remain in the jurisdiction of the court to answer to the final order of the court than ordinarily exists in criminal cases at this stage of the procedure. To sustain, therefore, the prayer of this petition would be to say that no convicted man whose conviction has been affirmed shall be allowed to be out on bail pending petition for a rehearing or an application to the supreme court for a writ of certiorari: the petition is denied."

The decision adds that this does not prevent the government from keeping Walsh under surveillance or from asking that his bail be increased. The government will immediately do both of these in order to assure itself that he will flee to France or Mexico from which countries he could not be extradited.

No Loss Entailed
Walsh was in court when the decision was read. The ruling will assure him of plenty of time to complete his financial deals so that when he faces the supreme court of the United States he can truthfully say that no one but himself has lost one cent by the failure of the Chicago National Bank. It was for wrecking this bank that he was convicted.

The combination of these roads, says the director, would give the Gary line one of the best freight roads in this section of the country.

Can Meet Obligations
Inasmuch as the twenty days of grace allowed Walsh in which to pay \$71,218 interest long overdue on \$7,121,887, put up by Chicago banks at the time the three Walsh banks failed and today the immediate payment of \$100,000 by the steel trust will enable him to pay this interest and at least have time to endeavor further to rehabilitate his shattered fortunes. Should the sale of his railroads go through—and the Gary road director says it will be completed within three months—Walsh will be able not only to pay off all of his debts but will have a fortune of several millions besides.

With all of this good fortune coming to Walsh on the same day the situation presented today was dramatic. Despite the promised rehabilitation of his fortune that can have no bearing on the question whether he shall or shall not be sent to prison. Should the court grant the government's petition, Walsh must go to the penitentiary or be turned over at once to the custody of the United States marshal. There is no appeal from this decision excepting to the supreme court of the United States.

Fear He Will Run Away
In any event United States District Attorney Sims proposes to take no chances with Walsh. In Sims' petition for Walsh's immediate commitment he expressed the fear that

the banker might flee to some foreign country like Tweed. Walsh, in his reply, promised that he would make no such effort but would abide entirely by the court's view. He pleaded for further liberty.

Nevertheless with the consummation of Walsh's financial plans near at hand, District Attorney Sims has taken the precaution to set five secret service men to watch the aged banker day and night.

Financiers here today declared that the coup executed by Walsh whereby he drew out an offer of \$27,000,000 from the steel corporation was one of the greatest individual financial feats the country has ever known.

If people with symptoms of kidney or bladder trouble could realize their danger they would without loss of time commence taking Foley's Kidney Remedy. This great remedy stops the pain and the irregularities strengthens and builds up these organs and there is no danger of Bright's disease or other serious disorder. JEFFRIES-JOHNSON MEET TOMORROW

NEW YORK, Oct. 28.—Jack Johnson and his manager, George Little, James J. Jeffries and his manager, Sam Berger, agreed this afternoon to meet in the Hotel Albany at 3 o'clock tomorrow afternoon. It is generally believed the articles will be fully determined at tomorrow's meeting. The actual signing of articles may be left until the men meet outside of the state as the law of New York makes it a felony to arrange for a prize fight, no matter wherever held.

BOTH BOYS SAVED

Louis Boon, a leading merchant of Norway, Mich., writes: "Three bottles of Foley's Honey and Tar absolutely cured my boy of a severe cough, and a neighbor's boy, who was so ill with a cold that the doctors gave him up, was cured by taking Foley's Honey and Tar." Nothing else is as safe and certain in results. O. T. Erhart.

ENGLISH WOMEN BURN THE BALLOTS

Women Suffragettes Throw Corrosive Acid Into Ballot Box to Effect Election Failure

LONDON, Oct. 28.—With the idea that if women cannot enjoy the ballot, the ballot should be enjoyed by no one, Mrs. Alice Chapin, a suffragette, today attempted to destroy the ballots in an election booth at the Bermondsey election by smashing a bottle of corrosive acid upon the ballot box and throwing the contents about the booth.

At the same time another similar attempt was made by a young girl wearing the suffragette colors.

Mrs. Alice Chapin succeeded in badly burning some of the election officers in the booth but the other attempt was a total failure.

In neither case were the ballots injured. The acid from the bottle which Mrs. Chapin smashed about the room burned four of the election officers. They were all taken to a hospital and Mrs. Chapin was immediately arrested.

Today's violence came as a direct result of a meeting of the Women's Freedom League which adopted resolutions declaring that inasmuch as the women are denied the right of suffrage they should "take such steps" as would result in the males being prevented from having their votes counted.

Mrs. Pankhurst Interviewed

NEW HAVEN Conn., Oct. 28.—Seated with a committee of prominent Connecticut suffragettes, Mrs. Emmeline Pankhurst, the eminent English suffragist leader, showed unconcealed interest when the United Press despatch from London telling of the stringent measures used by Mrs. Alice Chapin to destroy the election booth at the Bermondsey election.

"No," said Mrs. Pankhurst, emphatically, "I would not say that I am delighted with Mrs. Chapin's methods but I cannot say that her action was not justified."

"Do you think any woman is justified in burning election officers with acid to gain her end?" Mrs. Pankhurst was asked.

"I cannot say," she replied, "but I am positive she did not do more than men would do if they had been in her place and found that the polls were closed to them for voting. I must say the case is most interesting and I shall watch its development with the utmost pleasure."

When Mrs. Pankhurst used the word "pleasure" in place of other milder words, the suffragists at the table with her looked at her as if for an explanation.

"I mean just what I said," said Mrs. Pankhurst. "Yes, by all means."

INCOME TAX FOOD FOR DEEP THOUGHT

Continued from Page 1

the bill will be present at the meeting and will discuss it with the members.

Quoting from the bill as it was proposed and referred to the committee at the last session the rates of assessment of income taxation will be as follows:

Some of the Rates
"On the first one thousand dollars of taxable income, or any part thereof at the rate of one per cent;
"On the second one thousand dollars or any part thereof one and one-half per cent.

"On the third one thousand dollars or any part thereof, two per cent.
"On the fourth one thousand dollars or any part thereof, two and one-half per cent.

"On the fifth one thousand dollars or any part thereof, three per cent.
"On incomes exceeding five thousand dollars and not exceeding ten thousand dollars, four per cent.

"On incomes exceeding ten thousand dollars and not exceeding twenty thousand dollars, five per cent.

"On all taxable incomes above twenty thousand dollars the rate of taxation shall be increased by one per cent above the next lower rate for each ten thousand dollars or parts thereof of income, until the rate shall reach twenty per cent, after which it shall remain uniform at that rate."

Personal Property Exempt

Another provision of the new law is that on and after January 1, 1910, all personal property subject to local assessment at present, shall be exempt from taxation.

The last mentioned clause of the law acts as an offset to the additional taxation, inasmuch as the persons hardest hit by the proposed income tax law, are those which are at present assessed the highest tax for personal property.

The La Crosse Manufacturers' and Jobbers' club has not as yet decided whether it will approve or disapprove of the measure, but will ask for the individual opinion of every member at the meeting Monday evening. Members unable to be present have been requested by Secretary Robert Calvert to send in their opinions of the bill in writing.

C. R. Kluger, the jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." O. T. Erhart.

The Har is always ashamed of the naked truth.

DR. COOK'S GUIDES CHALLENGE HIM

Sensation Furnished when Cook Lectures Tonight; Mt. McKinley Guides will Face Him

MISSOULA, Mont., Oct. 28.—Just before the arrival of Dr. Frederick A. Cook in Missoula last night Edward Barrill and Frederick Prinz, guides on the famous Mount McKinley expedition, announced that they would publicly denounce Cook as an impostor when he makes his address in Hamilton tonight.

Barrill and Prinz say they have been angered by alleged attempts of Cook's New York representative to influence them and that they are determined to corner Cook and show him up.

Yesterday Prinz and Barrill challenged Dr. Cook or any of his representatives to institute proceedings, criminal or civil, and declared that they would welcome such proceedings. They asserted that they wanted a criminal suit instituted, if possible, so that the controversy could be settled in the courts.

ONALASKA MAN IS VICTIM OF SHARPS

(Continued from page 1.)

up until all declared themselves satisfied that it was time to retire.

Moe was shown to his room by a bellboy, and the other members of the party also sought their respective apartments.

"But in the Morning"

Moe retired. He placed his watch, wallet and other valuables under his pillow, and then divesting himself of his clothing sought his much needed rest. He does not know how long he slept. When he awoke the sun was shining brightly into the room and the day was far advanced. His head felt queer and he didn't quite realize where he was. His eyes were blinded by the sunshine and a heavy throbbing headache coursed through his temples. He was affected from time to time with violent trembling fits and was extremely nervous.

He finally arose however and while he was leisurely dressing, the events of the previous night slowly came to his mind. He remembered his new acquaintances of the night before, the jolly girls and wondered how they felt and finally he decided he would go to the apartment of his friend the whiskey salesman adjoining and see how he felt. The salesman was gone, so Moe completed his toilet.

Misses Wabert

Just as he was about to go down stairs he remembered his watch and valuables. He raised his pillow. There was the watch and his jewelry, but his wallet was gone. He searched the bed through, looked on the floor, through all of his pockets, and on the dresser and through the drawers but the wallet was still missing. Moe had been robbed.

He went down stairs and reported his loss to the hotel proprietor and the police. He met the whiskey agent and told him also. No clue could be found, however, as to who had taken the missing purse. It contained over three hundred dollars in cash, besides the two notes, so Moe was active in his search.

Detectives Appear

Detectives from central police station appeared on the scene and made an examination of the room, but were unable to find any trace of the money, or clue, as to who was the guilty party. The whiskey agent was very solicitous and did all he could to aid in the search. When the money had not been found that night, the agent refused to leave town until Moe had some clue as to his money, so he stayed over, although he said he had completed his work in La Crosse.

The other two salesmen who had been members of the party the night before, heard of Moe's loss, and they too were mystified. They expressed fear that Moe would suspect them of taking his money, but the whiskey man assured them that he would vouch for them to Moe, as he had known them intimately for years. The two men checked out and left the city. Yesterday, the agent for the liquor house also left.

"Lizzie" and "Katie"

Regarding the two girls all Moe remembers is that they called them Lizzie and Katie and that they were good looking. There is as yet no clue as to where the money went. No arrests have been made despite the fact that the police have been at work on the case since Friday last.

Friends of the saloon man who have known of the whiskey agent before, now assure him that the agent is an expert card sharper, who has frequently in former years beaten saloonmen out of large sums by means of a "card machine," marked cards and similar devices. One of his pet devices is said to have been marking cards by means of a ring which he wore. The police may cause his arrest on suspicion in case he now can be located.

Wants an Investigation

This morning Mr. Moe said that he was greatly dissatisfied with the work the police department is doing on the case and he expects some time this afternoon to cause an investigation of the whole matter. He will probably cause the arrest of employees of the hotel on suspicion and will also make inquiry as to why the police department has not arrested someone on suspicion and assured themselves of the innocence of all of the members of Thursday night's "drink fest" where the salesman showed him such a "good time."

Much beer never brought good cheer.

S.S.S. THE ONLY REMEDY FOR BLOOD POISON

The first symptom of Contagious Blood Poison is usually a little sore or ulcer, so insignificant that often no attention is given it. But when the blood becomes more fully infected with the virus the mouth and throat get sore, glands in the neck and groin swell, and sometimes ulcerate, forming sores and ulcers, the hair comes out, copper colored spots appear on the body, and where the disease is allowed to remain in the system the poison frequently penetrates deeper and attacks the bones. S.S.S. is the true antidote for Contagious Blood Poison—the only remedy that is able to get at the very root of the trouble and remove every particle of the virus from the circulation; at the same time S.S.S. acts with upbuilding and tonic effect on every portion of the system. As soon as the system gets under the influence of S.S.S. the symptoms begin to disappear and soon a perfect cure is made. S.S.S. can be used in the privacy of one's own home and a permanent cure effected. To aid those who wish to cure themselves at home we have prepared a special Home Treatment book which contains much valuable information to Contagious Blood Poison Sufferers. With the aid of this book and the use of S.S.S. a cure can be effected in every case. We will send this book, and also any medical advice desired free to all who write.

PRESENT REQUEST FOR RY. FRANCHISE

(Continued from page 1.)

in which to complete the line. They advanced the idea that it could be built at once without so much delay.

"If we get our franchises without delay," said President W. J. Ferris of the Water Power company today, "we expect to begin work on the line early in the spring, and if there are no interruptions we cannot avert, we expect to have the line completed between La Crosse and Winona by next fall. We do not expect to spend six years building this line, but we have asked for sufficient time so that in case of a financial panic or other delays we cannot control we would have plenty of time to withstand such a condition and go ahead with the building when conditions were better. We undoubtedly can get through to Winona by the fall of next year, however."

Length of Franchise Unimportant.

Attorney M. B. Webber, addressing the meeting, sounded the general view in his declaration that the length of the franchise was not material so long as its terms were satisfactory. He said:

"I don't believe there are two opinions on the great value of the interurban. I agree with the other gentlemen here that there can be no reason for giving the company six years in which to build the interurban such a short distance."

"One of the points receiving much attention tonight is the fifty-year franchise. For my part I think the

length of the franchise is immaterial providing the grantors—the municipality—has in its keeping the key to the regulation of the line insofar as it affects the city, at all times. We want that interurban—the question is by what terms? These ordinances prepared by corporations are not drawn up hurriedly and often contain 'woodchucks' that require careful study to reveal. I would suggest that you appoint a committee of capable men to carefully look over the ordinance section by section—men who would be able to analyze the document. Many things are to be considered, especially rate discrimination, because La Crosse and Winona are situated so closely. Rates are essential, the frequency of the running of cars should be specified, the stopping places pointed out, and in fact all things are involved in the document.

"In a period of comparatively few years, there will be a network of interurban lines hereabouts and the start should be made at the first opportunity."

"It is not important as to the length of the franchise, but the document is the key for you to work upon. Get the franchise right and then grant freely."

Mr. Ferris was not present at the meeting, the Winona people preferring to discuss it openly among themselves.

BANDMASTERS ARE IN FOR CONCERTS

Expense of Public Programs in Popular Park During Summer Under \$500, Says Andre

UNION WILL TAKE UP COST

Union Rules would Call for More Pay, but as Public Enterprise the Price would Be Less

"Weekly band concerts in this city during the months of June, July and August, could be given for about \$500," said Professor John Andre leader of the theater orchestra today when asked regarding the matter. "This would be less than the union price for concerts which prevail in this city. I am figuring for a band of about thirty pieces."

The director stated that the suggestion of George Blackstone Irving at the recent "booster meeting" at the opera house, that the city give summer band concerts, had created much comment among the local musicians, who seem to be in favor of the project. The professor said that it would not mean much to the musicians themselves in a pecuniary way as they could make more by playing at dances than at municipal concerts. Both of the bands, Andre's and Kreutz's would be united as neither of them could put a thirty piece band in the field. It would then be the plan of the two local leaders to secure some one who is an acknowledge band leader to conduct the concerts. This would assure the public that they were getting something which was worth the money that was being put into the project.

Mr. Andre then told of his band concerts in the city of Green Bay, Wis. There the band owned a portable band stand, which they moved from one park to another, thus giving the residents of the city the opportunity of having the music brought into their own neighborhood. The director stated that in his opinion, it would be wise to carry out this plan in this city which is spread over a great area. As there is no large down town park, at which the people can assemble, the plan seems feasible.

The union price is \$1.50 for every musician and \$2.00 extra for the leader, which would amount to considerably over \$500 for three months, but as the affair is to be for the benefit of the city, the musicians state that they would be willing to reduce the rates. The matter would have to be taken up by the board of directors of the local union before definite rates could be made.

Mr. Andre expressed himself as being heartily in favor of summer concerts. "Most of the cities in which I have been that are of this size, have summer band concerts," said the leader. "It is a factor in the growth of many of the cities which I have known. I am not speaking because I want the business, as we could make more money playing at dances and picnics. The local musicians would have to unite in order to get a band that would be large enough as we do not maintain large bands here. It is not a paying business. I would suggest one concert a week for the first year, as it is practically a new thing here and then if the plan proved successful, they could put on two concerts a week the following year. All the musicians here are in favor of holding the concerts and we would like to see something done about it."

Excess fat is a disease—a dangerous disease.

You read almost every day of people dropping dead from apoplexy, fatty degeneration of the heart, etc., which means that there is too much fat.

Avoid these dangers by using Rengo—nature's remedy for reducing fat.

Rengo is pleasant to take—you eat it like fruit or candy.

It compels the proper assimilation of food by the blood, and the nutrient goes where it belongs and builds up the muscle, brain and nerves, instead of piling up in the form of excess fat.

You can easily reduce fat to the extent of a pound a day by the use of Rengo and do it with perfect safety, for Rengo is harmless.

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid, by the Rengo Co., 3185 Rengo Bldg., Detroit, Mich.

The company will gladly send you a 50c box free by mail, if you will write them direct to Detroit and enclose 10 cents in silver or stamps to help cover postage and packing; no free packages at druggists.

For sale and recommended in La Crosse by O. T. Erhart's Red Cross Drug Store, and C. F. & L. Runckel, Druggists.

BODY STILL BURIED NEATH PABST DEBRIS

MILWAUKEE, Oct. 28.—Of the two victims of the boiler explosion in the Pabst brewery Monday morning, one, Gottlieb Yehmert, is at Trinity hospital in a critical condition, while the body of the other, Fred Stirn, has not yet been found.

The work of clearing the wrecked mass away is being hurried, and gangs of men are working day and night.

A great man never has time to wait for an audience and he never needs to.

MODERN HAIR DRESSING

Has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as was used by our grandmothers for promoting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wyeth's Sage and Sulphur, is sold by all leading druggists for 50 cents and \$1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

For sale and recommended by O. T. Erhart.

MINNESOTA AND THE NORTHWEST

WEBS TIGHTENING ON MRS. ARBOGAST

Evidence Today of Finding of Bloody Ax with which She is Charged to Have Murdered Husband

ST. PAUL, Oct. 28.—The state is slowly developing its circumstantial case against Mrs. Mina Arbogast, charged with the murder of her husband, Louis Arbogast, on May 13. Today, for the first time, County Attorney O'Brien established the finding of the ax with which the crime was committed, by Lawrence Ulmer and Detective Daly. This afternoon, evidence will be introduced tending to show that the ax was taken in the house from its usual place in the shed, on the night before, indicating that the murder was planned in advance.

Clearly, from the state's examination, County Attorney O'Brien is trying to show that Mrs. Arbogast killed her husband; that she then fired the bed and attempted suicide; that Ida caught her in the act and dragged her from the bed down the stairs; that the children all shunned Mrs. Arbogast after that, and gathered by themselves in the hall downstairs and in the dining room, frightened and hysterical; that Ida, especially, as testified by Mrs. Margaret Morrissey, ran into the street and refused to return to her home, and that, according to Mrs. Bertha B. Wigen, Ida later refused to go to her mother when the latter sent for her.

WHAT A WOMAN WILL NOT DO

There is nothing a woman would not do to regain her lost beauty. She ought to be fully as zealous in preserving her good looks. The herb drink called Lane's Family Medicine or Lane's Tea is the most efficient aid in preserving a beautiful skin, and will do more than anything else to restore the roses to faded cheeks. At all druggists' and dealers', at 25c.

FIREWATER FATAL TO NIGHT REVELERS

FARIBAULT, Minn., Oct. 28.—A shotgun, a knife and gallon of clear alcohol caused two deaths, and a perhaps fatal stabbing and one fugitive from justice, in a small hut on the edge of Cannon Lake, several miles west of here, Wednesday.

Thomas Murray and Arthur La Rose have been living in the hut and spent their time fishing. Two unknown tramps have also been staying with them for several weeks.

Tuesday night they secured a gallon of clear alcohol and, with a number of other fishermen, spent the night drinking. After the neighboring fishermen had left for their shacks, leaving the four occupants to themselves, a row started. One of the strangers with a razor slashed La Rose in the face, injuring him seriously.

The tramp doing the cutting was whipped by the two other men, left the hut, went to a neighboring fisherman and borrowed his gun. He returned to the scene and shot his tramp partner and Murray, the owner of the shack. The men were both found dead on their bunks yesterday, both being shot near the heart, causing instant death.

O'CONNOR WARNS MONEY HOLDERS

ST. PAUL, Minn., Oct. 28.—Chief of Police O'Connor is out with a warning to the money holders of St. Paul. The chief is looking for an unusually large delegation of veggmen from the western harvest fields to supplement the gang of gangs now at work in this vicinity. Now that the harvesting is over in the Dakotas and Kansas fields, he believes that thieves who have been working there will make St. Paul and Minneapolis a stopping point on the way east.

TAWNEY DEPARTS FOR CANAL ZONE

WINONA, Minn., Oct. 28.—Congressman Tawney left for Washington, where he will spend a few days before sailing next Tuesday with the other members of the appropriations committee of the lower house to the Panama canal zone to secure information concerning the appropriation to be made by congress for the carrying on of canal work.

A SURE WAY OUT QUICK RELIEF

It is a Positive Fact That in Not One Out of a Thousand of Supposed Kidney Cases Does the Trouble Really Lie with the Kidneys.

Practically all the so-called Kidney trouble is in reality Bladder Trouble. Although sometimes intensely painful, and always annoying, it may be easily and quickly cured with GOLD MEDAL HAARLEM OIL CAPSULES. There are other troubles arising in organs connected with the Bladder which are also quickly relieved by the use of GOLD MEDAL HAARLEM OIL CAPSULES. Full information is given in the printed matter enclosed in each box. The Bladder is the receptacle for discharges from the Kidneys. Under normal conditions nature disposes of the contents of this reservoir (the Bladder) promptly and without pain. Once

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-people lack food, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.

WISCONSIN NEWS

GEGIRE HELD FOR DE PERE MURDER

DE PERE, Wis., Oct. 28.—The post mortem examination on the body of Deputy Marshal Zimdars, killed Tuesday morning, developed that he died from internal hemorrhage.

William Gegire is locked up in the jail charged with the murder. He denies all knowledge of the crime. His divorced wife made a sworn statement that she recognized him as the man who shot Zimdars.

DRIVES OUT FEEBLE, TOTTERING PARENTS

MILWAUKEE, Oct. 28.—Crazed by drink, Byron Fell came home Tuesday night and drove his 80 year old mother and father out of the house with blows and abuse.

Fell's mother is crippled and can not walk, but in his drunken fury he forgot all this. The poor woman crawled out of the house on her hands and knees, begging her son to have mercy on her. In fear for her life she crawled painfully to the sidewalk and lay there exhausted. Fell then attacked his old father and beat and abused him, deaf to his pleas, until he tottered out of the house and found his crippled wife still lying on the sidewalk. When that sight met his eye the old man hurried up the street as fast as his feeble legs would carry him and found a patrolman.

Te court suspended sentence upon Fell on his mothers request.

BOTH GARLANDS

That's saying enough. The Cast Iron Range shown is the most popular and latest in the range line. Also sells at a popular price. The "Art Garland" Base Burner has features that are not found on any other stove. It has a revolving Fire-pot which alone is the finest feature ever put on a stove. We want to show you these and others before you buy.
